Inspector General's Recommendation Number 2a, page 39

Recommended DCI Action: Disapprove

Inspector General's Statement

Recommended that:

25X1A2g

DTR adopt for headquarters administrative and career planning purposes a designation of [REDACTED] that adequately reflects the scope and purpose of this intelligence training center.

DD/P Comment

25X1A2g
Non Concur. If we understand the sense of this recommendation, it is that [REDACTED] should become a general intelligence training site for the USIB Agencies. The extent of the existing facilities and the use made of them by this Agency would seem to preclude this at the present time. We would, however, like to see these facilities further developed and improved, in the course of which their possible use by other Agencies should be held in mind.

*Intent here seems only to
change the name - hence O.K.*
